

Information for VŠB-TUO cardholders with the ODISka application

The VŠB-TUO card with the ODISka application integrates the common functions available on the VŠB-TUO card with all the functions available on the **ODISka** transport card.

The ODISka card is the basic carrier of travel documents in the Integrated Transport System of the Moravian-Silesian Region ODIS and can serve as a carrier of long-term time tickets and at the same time as an electronic wallet for non-cash payment of individual fares in vehicles.

The VŠB-TUO card with the ODISka application is provided for a discounted price CZK 50 (the normal price of the ODISka card is CZK 130).

The ODISka application is uploaded to the VŠB-TUO card already during the production of the card, the card is marked on the reverse side with the ODISka logo. If you have a VŠB-TUO card without the ODISka application, it is no longer possible to upload the application to the card afterwards.

ODISka application profile:

A profile category, to which your respective tariff category corresponds, will be set on ODISka transport application:

a) student profile – discounted (student) fare: full-time students are entitled to a student profile for the entire academic year 2025/2026. The validity of the student profile will be set until September 30, 2026.

b) full profile - full fares: all other cardholders.

If you are entitled to discounted (student) fares only for a certain part of the academic year 2025/2026 (e.g. you will reach the age of 26 during the academic year), you will get a student profile with a shortened validity period and a subsequent full profile.

Notice for holders of VŠB-TUO cards with the ODISka application issued in last year's academic years 2019 - 2022:

For older cards that you have used in previous years, student profile is set until September 30, 2025.

If you are also entitled to have a student profile for the academic year 2025/2026, you must set it up preferably at any vending machine of Dopravní podnik Ostrava, which will set up for FREE a student profile until September 30, 2026 for you after attaching the card. The validity period of the profile may be shortened e.g., due to reaching the age of 26.

The student profile can also be set at the pre-sale point of the Dopravní podnik Ostrava or at another ODIS Transport Information Centre. In this

case, you must prove your entitlement to a discounted profile with a study certificate or ISIC card.

Setting the student profile for cards issued by VŠB-TUO can also be done at the VŠB-TUO Card Centre.

For cards issued with a full profile, it is not necessary to extend the profile.

In Ostrava, pre-sale points of the Ostrava Transport Company (Dopravní podnik Ostrava) are available for these purposes:

- **Shop Poděbradova:** Poděbradova 494/2, Moravská Ostrava
- **Shop Poruba vozovna:** Opavská 1140, Ostrava-Poruba.
- **Info JIH!!!:** Horní 1664/63a, Ostrava Jih

You can prove your entitlement to a discounted profile with a study certificate or ISIC card.

ODIS tickets purchase, use of the card

The VŠB-TUO card with the ODISka application is ready for making purchases of long-term time tickets or recharging the ODISka electronic wallet.

Purchases and recharges can be made at the e-shop www.odiska.cz or eshop.dpo.cz at pre-sale points, at drivers of suburban buses and also at ČD within ODIS (České dráhy – railway carrier) ticket counters at railway stations.
