

SEMESTER AT UNIBE DOMINICAN REPUBLIC

Study in the heart
of Santo Domingo

ABOUT UNIBE

UNIBE is a private non-profit university established in Santo Domingo in 1982. Is one of the leading universities in the Dominican Republic, recognized by the Ministry of Higher Education, Science and Technology of the Dominican Republic. The main campus is located in the heart of The Capital, Santo Domingo and a second Cap Cana campus is located in La Altagracia, touristic city at the east side of the island.

UNIBE offers 16 undergraduate programs, more than 30 masters programs at the Graduate School and several certificate programs and diplomas in the Continuing Education Department.

As a pluralist university, UNIBE encourages scientific and philosophical diversity, respects religious and political ideologies, and makes no distinction on the basis of gender, age, race, ethnic background, national origin, physical handicap, veteran status or creed.

UNIBE has a student body of 5,000 students from more than 47 countries and 600 faculty members. More than 19,000 alumni have graduated from our institution, 5,000 of them are international students,

The Institution is well known for being dynamic and highly spirited; it also pays special interest in the growth and well-being of the students. The high professionalism of the academic and administrative staff and the unique atmosphere of its community provide students with the incentives they may need to establish strong relationships with classmates and professors.

The QS Top Universities Latin America 2017 ranked UNIBE among the best 200 Universities in Latin America and the number one in the Dominican Republic.

- Gym
- Cafeterias
- Student Lounge
- Computer Labs
- Counseling Department
- Dental Clinic
- Convenience Store
- WiFi

STUDENTS TESTIMONIALS

"This rotation has offered me a very broad overview of how healthcare operates in the Dominican Republic. Every week offered a different aspect of medicine and proposed different challenges for the healthcare team, many of which are not as prevalent in the resource-rich United States. It was an honor to be in the presence of some of the most resourceful physicians I have ever had the pleasure of meeting. The Dominican Republic was not only full of sunshine, but it was full of laughter, kindness, and smiling faces."

Adam Cerissi-Ross University

"Visiting UNIBE and conducting a research project at Hospital de la Mujer Dominicana was a truly eye-opening and rewarding experience. I learn a lot about how the medical system works in the DR and the challenges patients and doctors face. This experience certainly inspired me to come back and contribute."

Diana Perez – Albert Einstein College of Medicine
