

## 2021-2022 INCOMING EXCHANGE STUDENT INFORMATION SHEET

### NUST MISIS Study Abroad Program

Today, National University of Science and Technology MISIS (NUST MISIS) is a dynamic scientific and educational centre attracting the best student applicants, scientists and faculty. The University specially focuses on integrating science, education and innovations, as well as establishing a creative environment to reveal each student potential.

By 2020, NUST MISIS intends to strengthen its leadership positions in a number of areas, including materials science, metallurgy and mining, and to enhance its presence in the field of bio materials, nano- and IT-technologies.

The University has over 30 world-class scientific labs and 3 engineering centres employing the most prominent scientists of Russia and world-wide. NUST MISIS successfully carries out joint projects with the largest Russian and foreign high-tech companies.

The University participates in four large-scale science projects of the MegaScience level: Horizon 2020, MoEDAL, LCHb, and SHiP.

Our university includes 10 Colleges and 6 branches (4 of them are located in Russia and 2 abroad). The total number of NUST MISIS students exceeds 20,000; 25% of them are international students from 81 countries around the globe.

<b>COLLEGES AND DEPARTMENTS</b>	<b>College of Environmentally Sound Technologies &amp; Engineering</b>	<b>College of New Materials and Nanotechnologies</b>
<b>College of Mining</b>	<b>College of Information Technologies and Computer Sciences</b>	<b>College of Economics &amp; Industrial Management</b>
<b>College of Basic Professional Studies</b>	<b>College of Lifelong Learning</b>	<b>College of Quality Assurance in Higher Education</b>
