

Dear accommodated,

we would like to inform you about the news and changes that we have prepared for you in the area of catering and accommodation since the beginning of this year.

CATERING NEWS

- ✓ **MENZA** – already during the holidays, we changed the soup cups from 0.25l to now with a maximum content of 0.35l for you and at your request!
- ✓ We have equipped **the food outlets within FAST+FBI** with fryers. From September 2025, diners will be able to enjoy fries and other fried side dishes at these food outlets.
- ✓ From September 15, 2025, we are opening new **SAMO CAFE** outlets, in the FAST, FBI and FEI outlets. Excellent coffee awaits you.
- ✓ **The food at the Rectorate** has undergone a significant interior change, now there is a refrigerated display case from which you will be able to order exclusive desserts, sandwiches and other delicacies.
- ✓ QR codes are **a new feature in the cafeterias** – under which you will find the entire offer of the establishment and, most importantly, a special offer will be published every month.

ACCOMMODATION NEWS

- ✓ **Reconstruction began in the building “C”** during the summer. Accommodation capacity will be limited, but comfortable double and single rooms will be available from September 2026.
- ✓ We have completed the reconstruction of **gym II**, which now offers a cardio zone and weight machines with pulleys.
- ✓ To increase security, all entrances to the dormitories **were equipped with access card readers**, which will make it significantly more difficult for unauthorized persons to move around the dormitories (unless you let them in yourself).
- ✓ In order to save electricity, **the lights** in the connecting corridors between buildings A to E **were replaced**.
- ✓ **Small purchases** were also made: new mattresses and replacement of all tables in the building “E” as well as replacement of the remaining old beds in the building “D”. We consider painting and minor repairs to be a matter of course.

If you have any ideas or comments, please do not hesitate to contact us. Together we can create an even better environment for all our residents.

We wish you a semester full of inspiration, new knowledge and opportunities for growth.
