

Emergency measures - accommodation operation

I.

Based on an extraordinary measure of the Ministry of Health, I declare:

1) Dormitories can accommodate students who:

- a) **have been vaccinated against COVID-19** and it is (and will demonstrate) at least 14 days since the terminated vaccination schedule, or
- b) **have undergone laboratory-confirmed COVID-19 disease** and no more than 180 days have elapsed since the first positive SARS-CoV-2 antigen test, and shall prove this; or
- c) **have undergone a RT-PCR test** no later than 7 days ago **or a rapid antigen test (RAT)** with a negative result (and prove this) no later than 72 hours (or 24 hours in the case of online testing), or undergo RAT under the supervision of workers VŠB-TUO on arrival at the dormitory, **and at the same time they are ready to be tested regularly, every 7 days** (those who are vaccinated or have had a laboratory-confirmed COVID-19 disease do not need to be tested).

Valid extraordinary measures of the Ministry of Health are available at <https://koronavirus.mzcr.cz/category/mimoradna-opatreni/>.

- 2) **A testing point has been set up** on the dormitories, where students submit the above-mentioned documents according to point 1), or will be tested here every 7 days. The test place is located in the meeting room, ground floor of building B, room no. 113 (next to the hotel restaurant). **Opening hours are every Tuesday from 13:30 to 18:30**. Further information on testing will be published on the website, <https://www.vsb.cz/ubytovani/en>.
- 3) **Prohibition of consumption of alcoholic beverages** in kitchens and common areas of dormitories.
- 4) **Prohibition of gathering in the corridors** and in other parts of the dormitories in more than **10 people**. **Prohibition of gathering in the accommodation dwellings** in more than **6 people**. The students who are accommodated in the accommodation dwelling are responsible for it and they will be automatically sanctioned for non-compliance.
- 5) **The obligation to wear respiratory protective equipment** (nose, mouth) in all internal areas of the dormitory area (ie in all common corridors, stairs, kitchens, etc.). In accordance with the measure, only a respirator meeting the requirements set out in the measure (eg FFP2 or CN 95 respirator) is considered a respiratory protective device. The obligation to wear respiratory protective equipment does not apply to accommodation dwellings, provided that only accommodated students of this dwelling are currently located on the accommodation dwelling.
- 6) **It will be possible to enter the buildings as follows:**
 - 1. Entrance to buildings A and B**
 - pass the reception "AB"
 - at the entering the building, each person must tap an ISIC card to the card reader. The card reader is used to determine the rightfulness of entry to the dormitory, see. point 1). To enter the buildings, a person can also submit a certificate of vaccination, a certificate of illness, or valid RT-PCR test or antigen test (see point 1), letter c)).
 - 2. Entrance to buildings C and D**
 - a card reader located at the entrance door is used to open the entrance doors to buildings C and D. The card reader will allow entry only to persons who are authorized to enter the dormitory, see. point 1).

- other persons can pass through the reception "AB", where the person must submit a certificate of vaccination, a certificate of illness, or valid RT-PCR test or antigen test (see point 1), point c)).

3. Entrance to building E

- A card reader located at the entrance door is used to open the entrance door to building E. The card reader will allow entry only to persons who are authorized to enter the dormitory, see. point 1).
- other persons can use the entrance through the reception "E" (use of the bell at the right door), where the person must submit a certificate of vaccination, a certificate of illness, or valid RT-PCR test or antigen test (see point 1), point c)).
- Access to building E via the connecting corridor between buildings D and E will be allowed only after attaching the ISIC card to the card reader, which is located at the left door of the connecting corridor.

All accommodated persons are obliged to present the ISIC card - dormitory card at each entrance to the dormitory buildings and also at any time upon request by an employee of the Accommodation Services and Guard Services and to have the staff checked whether the person in question has the right to stay in the dormitories.

If the accommodated does not prove the right to enter according to point 1), **he can buy a quick antigen test from the reception staff A-B** and perform the test on place. The test is charged CZK 200. We recommend **that this accommodated person participate in the testing within the testing point as soon as possible, see point 2)**. Testing is free for accommodated who have health insurance with a Czech health insurance company.

- 7) **Prohibition of receiving visits (stranger in dormitories) in the event that this stranger person** does not submit a certificate of vaccination, a certificate of illness, or valid RT-PCR test or antigen test (see point 1). A stranger person also has the opportunity to purchase a quick antigen test at reception A-B.
- 8) **In gyms and table tennis rooms, visitors** are required to maintain a spacing of at least 1.5 meters.

II.

In case of non-compliance with point I., a fine of up to CZK 5,000 will be imposed. In the event of a very serious violation and the need to call the Police of the Czech Republic or a repeated offense, the accommodated person does not have to be admitted to the dormitory and the Housing contract may be terminated with him.

III.

USSS executives are required to ensure that their subordinates are demonstrably familiar with this director's order.

IV.

If any decision of the Ministry of Health, government regulation or Regional hygienic station regulation is in conflict with this regulation, both accommodated persons and employees are always governed by decision of the Ministry of Health, government regulation or Regional hygienic station regulation.

This order also cancels the director's order USSS_PRI_21_005.
